

DECO PRESS EMBLEMS

THE WORLD'S FINEST EMBLEMS AND PATCHES

Decopress emblems help you add a real quality feel to your garments. On tees and hoodies a Decotwill locker tag will finish the garment off. For headwear the emblem takes centre stage, giving you a look previously unavailable unless you ordered thousands.

We offer a printed version, with rich colours and fine detail and an etched version.

Reach out today and see how you can add retail value to your garments.

Our Emblem Line Up

DecoTech

- Full Color Dye Sub Printed
- **Vivid colours and durable**
- **Custom laser cut shapes**
- **Most Versatile**

DecoTech

DecoTwill · DecoFlock · Simulated Woven

[A versatile, fast turn solution for detailed graphics with lots of colours and gradients](#)

We utilize advanced fabrics and treated fibers, along with a proprietary ink system to produce an exceptional embellishment. Graphics are printed and fused to one of three fabric options (Twill, Flock or Simulated Woven) then laser cut to any shape. Enhance the border of these emblems with three treatment options to give a clean finish: satin stitched, merrowed, or a simulated print. DecoTech is a simple solution for complex logos and technical garments. Find out how it can work for your next project.

- Available in Twill, Flock & Simulated Woven fabrics
- Vivid colours and durable with no fading
- Low 20 piece minimum order quantity

DecoSuede

- 100% Polyester Solid Suede
- Saddle Brown, Grey & Black
- Laser engraved & cut to shape
- DecoPress Top Seller

DecoSuede

Add rich, deep color and a luxurious feel to your products by embellishing them with DecoSuede patches.

Available in four colours (chestnut, roasted coffee, dark grey and denim blue), this 100% polyester Suedette is animal friendly and more durable than real suede. The fabric has a water-repellent like quality that makes it safe and easy to clean. Add a simulated border stitch to accentuate your laser etched design. These versatile emblems are an excellent finish for decorating apparel, bags, caps, beanies and more.

DecoLeather

Eco-Friendly Leatherette

- Available in four deep colours
- Soft-hand feel
- Laser-etched and cut to shape

DecoLeather

Our fashion friendly DecoLeather Emblems uses an attractive smooth plated leatherette to give any garment a high end retail look and feel.

Made from vegan leatherette, these laser engraved emblems can pick up great detail and enhance the design elements of any product. The classic look of leather is classic and complements as the perfect accent for wearables, headwear, bags & promo.

Manufactured in three colours (saddle, grey and black) our Leatherette emblems are a DecoPress top seller.
